

# SADEE MUHAMMAD ZAKARIA

## Front End Web Developer

✉ sadeemdzakaria@yahoo.com ☎ 01782 344161 📍 Mohammadpur, Dhaka 🌐 sadeemdzakaria 🐙 ZakariaZack98

## PROFILE SUMMERY

Passionate front-end developer with strong expertise in building highly interactive and dynamic React web applications. Well-versed in modern JavaScript (ES6). Seeking to contribute to innovative projects.

## PROJECT EXPERIENCE

### Weather Portal (April 2025 - Now)

An information-rich weather portal with detailed data visualization developed with **React.js** with **OpenWeatherAPI** & **OpenStreetMap API** integration & styled with **TailwindCSS**. Data visualization done by **Chart.js**.

- User-interactive forecast dashboard featuring daily & hourly forecast with detailed data visualization (temperature, humidity, wind speed, etc.)
- A multi-mode user-interactive GPS based weather map.
- Provides useful suggestions for user by analyzing recent weather trends such as rain probability, humidity, air quality, and UV intensity

### TaskFlow (May 2025 - Now)

An user-friendly and feature-rich task management application built with **React.js**, **Firebase** as back-end & **Firebase Realtime Database**.

**Role:** Lead Programmer & Project Manager

- User-friendly dual-mode task management dashboard.
- Feature-rich task management including priority flags, categorization, quick reschedule, sub-tasks, custom reminder, location and comment with photo on task with activity based notification system.

### Awaaz (May 2025 - Now)

An instagram-inspired social media web-app built with **React.js** & **Firebase**. Database designed with performance and scalability in mind.

**Role:** Lead Programmer & Project Manager

- Smooth interaction features including reaction, comments, replies, followers, followings and blocking users.
- Custom algorithms for personalized news and explore feeds.
- Notification system based on user interaction.

## TECHNICAL SKILLS

### Front-End

- HTML5
- CSS3
- Bootstrap 5
- Tailwind CSS
- React.js
- Framer Motion
- Chart.js
- ShadCN
- Redux Toolkit
- Next.js

### Back-End & Database

- Node.js
- Express.js
- Socket.io
- Firebase
- MongoDB

### Version Control Tools

- Git
- GitHub
- Vercel
- Netlify

## PERSONAL SKILLS

- Strong communication skills
- Analytical problem solver
- Flexible & adaptable team worker
- Rapid learner with strong adaptability
- Approachable and team-oriented
